

## Wine & Chat

### Monthly conversation class for winegrowers and others interested

After our very successful initial meeting in Eltville and yet another very nice evening with a wonderful group of people in Erden, I would like to invite you to our next conversation evenings at

Weingut Kaspar Herke  
Langenhoffstraße 4  
65375 Oestrich-Winkel

on 8th July at 7 pm

Weingut Mäurer  
Friedhofstr. 15  
67273 Dackenheim

on 19th August at 7 pm

The idea is to meet once every month at different wineries to have a tour, a wine tasting and a chat in English to practise our conversation skills.

Every winegrower will be asked to bring a bottle of their own wine and I might ask everyone to bring a little something for a snack before the tasting (depending on the size of the group). The host should provide water and do a tour (in English) of his or her winery. Guests with no background in the wine industry are also welcome to join and do not need to bring wine.

Benefits for the host are the personal coaching after the tour during the rest of the evening and exemption from the fee. All guests will profit from the presence of an experienced English teacher and the vast specialized knowledge of the group.

**Wine & Chat** is open to the public and you can tell whoever you like about it. We welcome anyone interested in conversing in English.

Your investment for this evening is € 15 plus VAT (€ 20 for non-winegrowers) and we need a minimum of 10 participants. The fee has to be transferred to my account in advance. I would appreciate an early registration by email.

We are very much looking forward to seeing you.

Nicole Tomberg and your hosts
